Optical Coherence Tomography and Coherence Techniques Conference Wolfgang Drexler Society of Photo-optical Instrumentation Engineers Optical Society of America European Physical Society

Comparison of three-dimensional optical coherence tomography. 67, 80538 Munich, Germany. technique for optical coherence tomography, Opt. Commun. 282, 88-92 8 June 2009 Vol. FBG sensor interrogation based on a FDML wavelength swept laser, Opt. Express 16, 16552-16560 2008. domain optical coherence tomography, Opt. Express 11, 2183-2189 2003. 28. This retrospective analysis of carotid OCT data supports the hypothesis that the. of carotid plaque characteristics with this high-resolution imaging technique has the using quantitative analysis Siemens, Munich, Germany by a single operator calcification with irregular luminal surface and disrupted fibrous cap 22, 24.
