The Human Person In Theology And Psychology: A Biblical Anthropology For The Twenty-first Century

James R Beck Bruce A Demarest

A new analysis of human nature and behavior in biblical perspective by two evangelical experts. This comprehensive textbook discusses four key aspects of the human person in theology and psychology: a biblical anthropology for the twenty-first century.

The theme is seen as the key to the biblical understanding of human nature. At first, the climate of twentieth century western theology was What is more, the theology of the imago Dei also links anthropology. The authors argue that an integrated approach is necessary.
